McMaster-Carr — Survey, Analysis & Themes

Compiled: 2026-05-19 · Pages: 27 · Sections: 3

I. Order Process Survey — Instrument pp. 1–3

Block 1 Buying Process	1
Block 2 Order Handoff	1
Block 3 Requires Re-Entering Info	2
Block 4 Frustrations and Solutions	2
Block 5 Additional Outreach & Contact	2

II. Survey — Full Analysis pp. 4–18 · n = 1,459

1. Top-line views (Views 1–10: role, buying process, approvals, handoffs, re-entry, feature interest)	4
2. Theme deep-dives (A–J: Cart Wars, Shared Logins, Re-Entry, Handoffs, Approvals, ERP/ Punchout, Visibility, Cost Centers, Saved Carts, Ship-To)	9
3. Summary — where the request points	17

Take: Four pillars surface across the data — **Identity, Authoring, Workflow, and Integration.**

III. B2B Themes & Perspectives pp. 19–27

■ Build for both the individual and the ship-to	19
■ Remember what matters (preferences, history, defaults)	20
■ Supporting a workspace (multi-user, multi-cart)	20
■ Support handoffs (cart → buyer → PO)	21
■ Multiple paths to a solution	21
■ Design that gets out of the way	22
■ Process taxonomy (Master Data → Selection → Coordination → Receiving → Paying)	22
■ Perspective catalog (problems · frequency · impact · candidate solutions)	23
